

# LAUREN LEE

(123) 456-7890 • [example@example.com](mailto:example@example.com)

123 Main St. Anytown, USA

## SUMMARY OF QUALIFICATIONS

- Good work ethic, open-minded, able to pick up new concepts and ideas quickly; aims to work with care and empathy.
- Effective at addressing the issues at hand and responding with plans and solutions as required.
- Extensive experience with navigating biomedical and life sciences databases.
- Successful at establishing connections with others and collaborating within health-related spaces to achieve desired research and clinical outcomes.
- Proficient in Mandarin Chinese.

## EDUCATION

**Bachelor of Science in Public Health (BSPH) with a Concentration in Epidemiology**

June 2024

University of California (UC), San Diego • *La Jolla, CA*

## WORK EXPERIENCE

**Research Intern, Consortium for Clinical Research and Innovation, Singapore (CRIS)**

June - August 2023 • *Singapore, Singapore*

- Conducted research for Precision Health Research Singapore (PRECISE), the central government entity established to coordinate and support the country's National Precision Medicine strategy.
- Helped compile resources to formulate a reference case framework for precision medicine, crafted a literature review on the role of public and patient involvement in precision health implementation research, learned about the components and standards of health economic and policy analyses.

**Research Apprentice, UC San Diego Department of Sociology and Science Studies**

January - June 2023 • *La Jolla, CA*

- Assisted a doctoral student in conducting research on the prevalence of diabetes among people of Asian descent, with an individual research focus on the impact of culturally-sensitive and context-specific diabetes treatment interventions on Asian populations.
- Participated in biweekly meetings, summarised and presented research findings, helped assemble relevant literature corpora.

**Undergraduate Student Worker**

December 2021 - December 2022 • *La Jolla, CA*

- Worked at the Skeletal Translational Research Laboratory (Masuda Lab) within the UC San Diego Medical School Department of Orthopaedic Surgery.
- Assisted in surgery, provided research laboratory support, carried out data analysis.

**Research Intern, Duke-NUS Centre for Outbreak Preparedness**

June - August 2022 • *Singapore, Singapore*

- Conducted research for the Asia Pathogen Genomics Initiative (APGI), a new project seeking to strengthen the use of genomic sequencing for public health surveillance in South and Southeast Asia.
- Assisted with the landscape assessment; collated country-specific and regional reference libraries, summarized existing publications and grey literature, crafted literature reviews on various countries' sequencing capacities for genomic surveillance.

**HealthServe Medical Services Intern**

March - May 2021 • *Singapore, Singapore*

- Aided in clinic operations, assisted in medical consultations and patient assessments, coordinated scheduling and patient follow-up, collected payment, accompanied patients to external specialist appointments, helped develop a patient consent form for treatment.

## COMMUNITY INVOLVEMENT

**Mustard Seed Project**

September 2021 - Present • *San Diego, CA*

- A non-profit organization dedicated to providing basic supplies and community services to individuals experiencing homelessness in San Diego.
- Serves as an outreach volunteer; helps distribute supplies (water, food, clothing) and interacts with individuals in downtown San Diego, participates in fundraising drives, engages in advocacy events.

**HealthServe Ltd**

July - August 2021 • *Singapore, Singapore*

- A non-profit organization dedicated to providing healthcare and social services to migrant workers in Singapore; responsibilities included queue management, registration, taking patient vital signs, packing medication, assisting with translation (Chinese), and patient education.

## PROFESSIONAL DEVELOPMENT & ACADEMIC ACHIEVEMENTS

- Provost Honors, UC San Diego
- *Internal Chair*, Mustard Seed Project (UC San Diego Chapter)

September 2021 - Present

September 2022 - June 2023
